JUNELLE SUAYBAGUIO

Full-Stack Developer

PROFILE

Full-Stack Developer with 4+ years of experience in web development and IT, now building and maintaining production web applications with TypeScript and C# .NET. Background spans TypeScript, Next.js and React Native on the front end, plus years of delivering, redesigning and maintaining client websites with WordPress and marketing-automation tools. Known for dependable delivery, attention to quality, and quickly picking up new technologies.

EXPERIENCE

Full-Stack Developer — 2024 – Present
Davao City Water District
- Build and maintain web applications end to end, using TypeScript for the frontend and C# .NET for the backend.
- Develop new features and improve existing systems that support the district's operations and services.

Front-End Developer Intern — 2023 – 2024
ADukasyon Coding Bootcamp
- Built a React Native mobile application as part of an internship development team.
- Completed intensive bootcamp training in modern front-end development with Next.js and React.

WordPress Developer — 2022 – 2023
Freelance
- Designed and launched WordPress websites tailored to client needs.
- Managed blog publishing to give clients a seamless content management experience.

WordPress Developer — 2022 – 2023
Arash Law
- Published news and blog content and kept WordPress sites up to date.
- Performed QA on site updates to ensure content and functionality worked as intended.

WordPress Developer — 2020 – 2022
RC Digital Consultancy
- Built websites and sales funnels from scratch with WordPress, ClickFunnels and GoHighLevel.
- Automated workflows with Zapier; maintained and redesigned existing client websites.

IT Staff — 2019 – 2020
Far East Noble House, Inc.
- Kept company operations running by troubleshooting network, hardware and software issues.

EDUCATION
